Dear Justin:

Congratulations on your selection as one of Michigan's "50 Companies to Watch". I share the pride that all Michigan residents have in your achievement. We are grateful for the positive impact you have made.

Throughout history Michigan has been a state synonymous with the achievements of its entrepreneurs. We proved to the world that each generation could improve on the one before through hard work, resilience and pride. Furthermore, our past successes, great or small, started with leaders striving to achieve what others said was impossible. We can accomplish great things again if we allow our future to be defined by the people and companies who embody Michigan's distinct spirit of innovation.

I have great hope in the future of this state because of innovative companies like yours creating opportunities for today and long into the future. On behalf of the people of Michigan, congratulations on this award and best wishes in the days ahead.

Sincerely,
